

ALFREDS* Presents...

A Dynamic and Inspiring Evening for Adults with Raffi Cavoukian “Child Honouring: Respecting Earth & Child”

Raffi, of children’s music fame, comes to the world stage with a bold new message for adults – a holistic positive vision for societal change.

Child Honouring:

A children-first approach to healing communities and restoring ecosystems.

Child Honouring starts with three

givens:

- We face **planetary degradation** that’s unprecedented in scale, which endangers the very young, and requires a remedy of equal scale.
- **How we regard and treat our children** is the key to building a humane and sustainable world.
- If we honour the child, children will then learn to honour their community and planet. And the **early years** is the most important time to begin fostering this attitude!

Following Raffi’s presentation:

Stay for a discussion with our Panel to explore practical ways of Child Honouring in our homes, schools and communities.
