

Ontario Society of Adlerian Psychology Conference Workshop

We Were Made to Love and Be Loved

Sunday, October 19, 2014

9:00AM - 4:30PM

Chinese Cultural Centre of Greater Toronto
5183 Sheppard Avenue East, Toronto, Ontario

Love is a task for two. Love is a feeling of belongingness and is characterized by the extent of social feelings in the relationship. According to Adler, "Love is the basis of all our culture, and without it our present civilization would collapse." Let's see if we can agree on what an intimate relationship must have in order to be successful, even though it is the most difficult relationship to achieve in a cooperative, responsible, loving way.

Dr. Bettner has been in private practice for over 30 years working with individuals, couples, teenagers, children, social workers, educators, counsellors and therapists. Dr. Bettner was the Director of the Family Education Center for the Springfield School District in Springfield, Pennsylvania for 25 years. She developed and taught parenting programs and she trains graduate students to facilitate parent education groups in schools and communities.
